

PI001 – INTEGRATED POLICY

In order to guarantee quality with the commitment of environmental respect and protection in its productive process, as well as the Health and Safety of the people that form it, in VIROSPACK S.L.U we decided to implement and maintain an integrated Management System.

Therefore, we define the reference framework to establish and review the objectives and goals based on our integrated quality and environmental management system. Knowing and understanding the current market, we apply all our material and technical resources in the management of all activities to meet the needs of current and potential customers.

For this we commit to continuous improvement in order to:

- **Comply** with applicable **legal requirements** along with the others that the organization subscribes relates to needs and expectations that may affect the product offered.
- The correct development of a **work system** based on the **quality, minimization of resource consumption** and the **prevention, reduction and control of pollution through** the use of processes, practices, materials or products that control it.
- In-depth **knowledge** of the **expectations, requirements and risks** of the stakeholders to ensure compliance with the objectives and their satisfaction.
- The **identification** of internal and external **processes and factors** that affect the Organization.
- The **participation** and **motivation** of the staff since the collaboration, involvement and work of all the employees is essential for the development of the activities.
- **Improvement** of the company's **environmental behavior** and **sensitizing** the staff.
- **Commitment** to protect our environment, incorporating circular economy in our business model.

The top management of VIROSPACK ensures that this policy is communicated, understood, applied and reviewed to ensure its continued adequacy and will manage the dissemination to staff and other relevant stakeholders, as appropriate, arranging for it the equipment, media, environments and necessary training.

Badalona, 16th of September 2019
